# **Faubus Signs** His \$60 Million **Bond** Issue

LITTLE ROCK (AP)-Gov. Oral E. Faubus practically wound ip his actions on the 1961 legislature's actions Friday, signing into law his \$60 million construction bond issue and vetoing a bill

He passed and vetoed several other bills and it was not known immediately whether any bills were left on his desk. If so, they are of a minor nature.

The governor signed a bill to provide loans to college students under a new state Student Loan Board, but he vetoed an accompanying \$50,000 appropriation. making the bill ineffective.

Faubus had said he would sign his construction bond bill last. The bonds would be used for contraction at the University of Arkansas, the state-supported coleges, the State Hospital, Blind and Deaf Schools, Children's Colony and the McRae Sanatorium. He did not set a date for the special election on the bond issue. It will be paid for out of general

Faubus also signed accompanying bills Friday, one of which plodges excess revenues from the extra 13 days of the Oaklawn racing season and excess revenues from the use tax to the retirement of the bond issue. Another bill he approved allocates **am**ong he state institutions bond money and other surplus funds. And another pledges that no public school fund money shall be used to pay off the construction bonds or any construction under the badding program.

Faubus earlier this week disclosed that a steering committee would head up the campaign for the bond issue at the forthcoming special election. Faubus said he would not take an active part in the campaign unless he is asked to do so.

He said if the bond proposal fails, he will call a special legislative session to revise an accompanying \$17 million omnibus construction bill so it can be used needs, notably at the State Hos-

GLAMOUR AND NAME ARE GONE—Franklin D. Roosevelt's presidential plane, the Sacred Cow, has lost its glamour and its name but the 16-year-old DC-4 is still on active duty. The interior has been modified very little and the president's chair and table are still in place. An elevator which was used for F.D.R.'s wheel chair has been sealed up for a number of years.

The Bible says for us not to neglect church attendance, Heb. 10:25. Here we find a family on the way up the steps to an hour of worship. The church is the strongest dyke against corruption and the evil forces that destroy human life. The church is the foe of the penitentiary. Jesus said, "I will build my church and the gates of hell shall not prevail against it," Matt. 16:18.

The church is not perfect... nothing human ever is. Even the Apostles chosen by Jesus had a Judas, but see the success He made of the other eleven. Christ loved the church enough to die for it and that makes it mighty important. Whether people worship in a tent, tabernacle or cathedral, they mean to be on God's side. Church-going people are people of Faith. Do you go to church?
